 Attention, 12, 98, 104, 138, 140,  
 145, 159, 169, 170, 174, 175,  
 178, 180, 185, 194, 199, 201,  
 202, 205, 205–211, 217, 223,  
 225, 229  
 Audio/visual synchrony, 212  
 Awareness/understanding/  
 comprehension, 108, 140, 146,  
 157, 160, 162, 163, 166, 168,  
 174, 202, 211  
 Axon, 34

### B

Baby boomers, 56  
 broad attention span, 57  
 discounting negatives, 59  
 discretionary income, 57  
 emotional intelligence, 59  
 familiarity bias, 62  
 positivity shift, 59

preferential processing, 60  
 repetition, 62  
 resilience, 60  
 tempered emotions, 59  
 TOT (tip-of-the-tongue)  
 memory, 61

Baseline measurement, 110  
 Bell, Joshua, 131  
 Benefits and brand essence, 126  
 Bharata, 225  
 Binocular vision, 42  
 Biometrics, 11, 14  
 Blood-brain barrier, 36  
 Bloom, Floyd E., 149  
 Brain:  
 and electrical activity, 104  
 and evolution, 17  
 Brain anatomy and function:  
 action potential, 34, 37  
 amygdala, 22, 39, 45, 59, 86  
 anterior cingulate cortex, 89  
 cerebellum, 39  
 cerebral cortex, 37, 38, 39  
 colliculi, 38  
 corpus collosum, 26  
 dendrites, 37  
 frontal lobe, 38  
 glial cells, 36  
 growth cones, 37  
 hippocampus, 38, 45  
 hypothalamus, 38

## Brain anatomy and function:

*(Continued)*

insula, 99  
 limbic system, 45  
 medial preoptic area, 89  
 medulla oblongata, 39  
 neurons, 37  
 occipital lobe, 37  
 olfactory bulbs, 45  
 parahippocampal region, 39  
 parietal lobe, 38  
 pituitary gland, 8  
 pons, 39  
 prefrontal cortex, 20, 24, 95, 139  
 striata, 39  
 superior temporal sulcus, 89  
 synapses, 34  
 temporal lobe, 37  
 thalamus, 38  
 ventral tegmental area, 89  
 visual cortex, 13

## Brand essence framework, 121

## Brand passion, 121

## Brands, 120

commodity, 129  
 and context, 130  
 established, 128  
 luxury, 129  
 new, 129

## Bundling framework, 153

**C**

## California Olive Ranch, 164–168

## Case studies:

animation, 211, 213  
 Arts & Entertainment Network  
 (A&E), 211  
 automotive, 96  
 baby care products web site,  
 80, 81

brand essence: insurance, 133  
 California Olive Ranch, 164–168  
 cookies/cake manufacturer, 171,  
 191  
 eyedrops, 208  
 moisturizer, 67  
 Olympics, 132  
 packaging, 114, 145–170  
 retail, 171–175, 180, 184, 185,  
 187, 191, 192  
 Visa, 226  
 Cathedral effect, 45  
 Cezanne, Paul, 42  
 Chemoreceptor, 49  
 Clockwise progression in  
 advertising, 200  
 Coca-Cola, 123  
 Comprehension, 97  
 Cortisol, 23, 70, 83  
 Culture and color preference, 160  
 Curvilinear eye gaze, 162

**D**

## Day in the life:

ancient man, 20  
 ancient woman, 24  
 modern man, 22  
 modern woman, 26

Deep subconscious response (DSR),  
 68, 104, 127, 142, 152, 161,  
 166, 174

## Dendrites, 34, 37

## Dopamine, 21

**E**

Effectiveness, 109, 140, 146, 156,  
 157, 159, 160, 162–166, 168,  
 169, 172, 174, 175, 177,  
 193–197, 208, 209, 210, 211,  
 213, 212, 215, 216, 218, 221,  
 225, 226

- Electrical current in the brain, 34
- Electroencephalograph (EEG):  
 definition, 11  
 in-store testing, 158  
 noise in testing, 12  
 sensors, 104
- Ellison, Katherine, 89
- Emotional engagement, 12, 97, 105, 138, 140, 145, 158, 160, 161, 169, 170, 173–177, 179, 180, 185, 189, 191, 193, 194, 201, 209, 210, 212, 218, 225
- Emotional mirror neuron system, 98
- Endorphins, 50
- Envelope of reasonability (pricing), 152
- Error in advertising (MNEA), 204
- Event-related potential (ERP), 110, 121, 132
- Expectancy violation, 127
- Extensions and brand essence, 127, 128
- Eye contact, importance of, 30
- Eyedrops, 208
- Eye-tracking, 12, 68, 142
- F**
- Faces, importance of, 223
- Failure analysis, 148–149
- Feelings and brand essence, 125
- Female brain:  
 amygdala, 76  
 corpus collosum, 76  
 emotional memories, 75  
 and empathy, 69  
 evolution of, 69  
 and eye contact in babies, 72
- hippocampus, 76  
 and language, 76  
 and multitasking, 72  
 and planning, 73  
 prefrontal cortex, 75  
 size of, 74  
 and smiling, 72  
 and taking turns, 72  
 and Theory of Mind, 76
- Fetal brain, 36
- Filtering and three-screens media, 227
- Fluency of processing, 160
- fMRI, 13
- Focus groups, 10, 146
- Fonts, 122
- Font structure, 159
- Form and brand essence, 122–123
- Frameworks:  
 advertising effectiveness, 193  
 brand essence, 121  
 bundling, 153  
 consumer journey, 114  
 new product effectiveness, 143  
 packaging effectiveness, 157  
 pricing, 151–152  
 shopper experience, 173  
 total consumer experience, 137
- Full brain coverage, 12
- Function and brand essence, 124
- Functionality, explicit and implicit, 124
- Friedan, Betty, 82
- G**
- Gazzaley, Adam, 57
- Glial cells, 36
- Grandmother hypothesis, 92

**H**

Halo, 98  
 Hearing, 50  
 Hippocampus, 45

**I**

Implicit familiarity, 158  
 In-store EEG testing, 158

**K**

Kandel, Eric, 1  
 Kinsley, Craig, 84, 85  
 Knight, Robert, 214

**L**

Lagging indicators, 14  
 Lambert, Kelly, 84, 89  
 Language, 39  
 Limbic system, 47  
 Logos, 122  
 Lustiz, Cindy, 59

**M**

Memory, 39, 210  
   behavioral, 39  
   declarative, 39  
   episodic, 46  
   implicit, 106  
   markers, 47  
 Memory retention, 12, 97, 105,  
   138, 140, 145, 158, 162, 163,  
   167–170, 174, 175, 178, 180,  
   182, 183, 185, 188, 193, 194,  
   201, 209, 210, 211, 218, 225  
 Metaphors and brand essence,  
   127  
 Mezernich, Mike, 88  
 Mirror neuron system, 95, 98  
   and sports performance, 99  
   and women, 99

**Mommy brain:**

  and aggression, 87  
   amygdala, 86  
   and community, 80  
   and conflict resolution, 88  
   and cortisol, 83  
   enhanced emotional intelligence,  
     87  
   and extended childhood, 84  
   and eye-tracking, 81  
   insula, 88  
   and intuition, 87  
   mirror neuron system, 88  
   and multitasking, 89  
   neural pathways, 84  
   and neurogenesis, 84
