Preface to Second Edition *ix*

Preface to First Edition *xi*

List of Contributors *xiii*

- 1 Hematological Assessment of a Patient with an Inherited Bleeding Disorder** *1*
Sue Pavord and Henna Wong
- 1.1 Introduction *1*
- 1.2 Normal Hemostasis *1*
- 1.3 Defects of Hemostasis *5*
- 1.4 Clinical Presentation of Bleeding *5*
- 1.5 Diagnosis *6*
- 1.6 Approach to a Female with a Bleeding History *6*
- 1.7 Summary *10*
- References *11*
- 2 Bleeding Assessment Tools** *13*
Sarah H. O'Brien and Paula D. James
- 2.1 Introduction *13*
- 2.2 Evolution of Vicenza-Based Bleeding Assessment Tools *13*
- 2.3 Women's Studies Using Vicenza-Based Bleeding Tools *22*
- 2.4 Tools to Evaluate Menstrual Blood Loss *23*
- 2.5 Young Women's Hematology and Bleeding Assessment Tools *25*
- 2.6 Clinical Utility of Bleeding Assessment Tools *25*
- 2.7 Conclusion *26*
- References *27*
- 3 Physiology of Menstruation** *29*
Jane J. Reavey, Jacqueline A. Maybin, and Hilary O.D. Critchley
- 3.1 Introduction *29*
- 3.2 Normal Menstruation *29*
- 3.3 Neuroendocrine Hormones *30*
- 3.4 Menarche *31*
- 3.5 Ovarian Follicle Development and Endocrine Function *31*
- 3.6 Endometrium *33*
- 3.7 Secretory Phase *34*
- 3.8 Menstruation *35*
- 3.9 Control of Bleeding *37*

3.10	Endometrial Repair	38
3.11	Proliferative Phase	40
3.12	Summary	40
	References	41
4	Gynecology	45
	<i>Joanna S. Davies and Rezan A. Kadir</i>	
4.1	Introduction	45
4.2	Heavy Menstrual Bleeding	48
4.3	Management of Acute Episodes of Heavy Menstrual Bleeding	58
4.4	Ovulation Bleeding	59
4.5	Endometriosis	59
4.6	Other Gynecological Conditions	60
4.7	Conclusion	61
	References	61
5	Carriers of Hemophilia A and Hemophilia B	65
	<i>Roseline d'Oiron</i>	
5.1	Inheritance	65
5.2	Screening for the Genetic Status of Carriers of Hemophilia	65
5.3	Confusion Between Genetic and Coagulation Testing	66
5.4	When to Perform Genetic Testing	67
5.5	What Reasons might Contribute to Delayed Genetic Diagnosis of Carriership?	68
5.6	Bleeding Disorders in Carriers of Hemophilia	68
5.7	Quality of Life of Carriers of Hemophilia	73
5.8	Carriers of Hemophilia A and B and Pregnancy	73
5.9	How to Improve Care for Carriers of Hemophilia	77
	References	79
6	Von Willebrand Disease	83
	<i>Carolyn M. Millar</i>	
6.1	Introduction	83
6.2	Structure and Function of Von Willebrand Factor	83
6.3	Von Willebrand Factor Levels and Prevalence of Von Willebrand Disease	84
6.4	VWF Levels, the Menstrual Cycle and Pregnancy	84
6.5	Von Willebrand Disease Classification and Inheritance	85
6.6	Clinical Presentation	87
6.7	Menorrhagia and Postpartum Hemorrhage	87
6.8	Diagnosis and Laboratory Testing	88
6.9	Management of Von Willebrand Disease	90
6.10	Management of Gynecological Bleeding	91
6.11	Obstetric Management of Von Willebrand Disease	92
6.12	Neonatal Management	94
6.13	Cases	94
	References	96
7	Factor XI Deficiency	101
	<i>Bethan Myers and Rezan A. Kadir</i>	
7.1	Factor XI Structure and Function in Coagulation	101

7.2	Incidence and Inheritance of Factor XI Deficiency	101
7.3	Bleeding Manifestations and Diagnosis of Factor XI Deficiency	103
7.4	Factor XI Deficiency and Gynecological Issues	103
7.5	Factor XI Deficiency and Pregnancy	105
7.6	Neuroaxial Analgesia and Anesthesia	108
7.7	Management of Postpartum Period	108
7.8	Treatment Options	109
7.9	Neonatal Bleeding	111
7.10	Conclusions and Recommendations	111
	References	112
8	Rare Bleeding Disorders	117
	<i>Danijela Mikovic, Marzia Menegatti, and Flora Peyvandi</i>	
8.1	Introduction	117
8.2	Clinical Symptoms	118
8.3	Gynecological and Obstetrical Manifestations in Women with Rare Bleeding Disorders	119
8.4	Laboratory Diagnosis	122
8.5	Differential Diagnosis in Women with Menorrhagia	123
8.6	Treatment	124
8.7	Conclusion	128
	References	129
9	Inherited Platelet Defects	133
	<i>Mike Makris and Clare Samuelson</i>	
9.1	Introduction	133
9.2	Normal Platelet Function	133
9.3	Presentation	136
9.4	Investigation	137
9.5	Syndromic and Non-Syndromic Inherited Platelet Disorders with Recognized Causative Genes	143
9.6	Prenatal Diagnosis	143
9.7	Management	144
9.8	Future Directions	147
9.9	Case Histories	147
9.10	Conclusion	148
	References	149
10	Genetic and Laboratory Diagnosis	153
	<i>Anne C. Goodeve</i>	
10.1	Introduction	153
10.2	Phenotypic Analysis of Hemophilia A	154
10.3	Phenotypic Analysis of Hemophilia B	156
10.4	Phenotypic Analysis of von Willebrand Disease	157
10.5	Phenotypic Analysis of Inherited Bleeding Disorders	157
10.6	Genetic Analysis of Hemophilia A	160
10.7	Genetic Analysis of Hemophilia B	162
10.8	Genetic Analysis of von Willebrand Disease	163
10.9	Guidelines	164

10.10	Summary	164
	References	164
11	Antenatal Diagnosis	167
	<i>Rezan A. Kadir, Irena Hudecova, and Claudia Chi</i>	
11.1	Introduction	167
11.2	Genetic Counseling	167
11.3	Prenatal Diagnosis	170
11.4	Prenatal Diagnosis of Hemophilia	177
11.5	Prenatal Diagnosis of von Willebrand Disease	180
11.6	Prenatal Diagnosis of Rare Bleeding Disorders	180
11.7	Preimplantation Genetic Diagnosis	181
11.8	Views about and Experiences of Prenatal Diagnosis of Women in Families Affected with Inherited Bleeding Disorders	183
11.9	Termination of Pregnancy	185
	References	186
12	Analgesia and Anesthesia for Pregnant Women with Inherited Bleeding Disorders	191
	<i>Anne-Sophie Bouthors, Adrian England, and Rezan A. Kadir</i>	
12.1	Introduction	191
12.2	Non-Pharmacological Methods	192
12.3	Pharmacological Methods	192
12.4	Conclusion	201
	References	202
13	The Newborn	205
	<i>Manuel Carcao and Vanessa Bouskill</i>	
13.1	Introduction	205
13.2	Developmental Hemostasis	205
13.3	Laboratory Hemostatic Evaluation of the Neonate	208
13.4	When to Suspect a Congenital Bleeding Disorder in a Newborn	209
13.5	Congenital Bleeding Disorders and Their Presentation in Newborns	213
13.6	Management of Bleeding in Neonates with Congenital Bleeding Disorders	218
13.7	Conclusion	221
	References	222
14	Women with Inherited Bleeding Disorders in Different Cultural Settings	225
	<i>Tahira Zafar, Jameela Sathar, Ali T. Taher, Fadi G. Mirza, and Christine A. Lee</i>	
14.1	Introduction	225
14.2	Pakistan	225
14.3	Malaysia	227
14.4	Lebanon	229
14.5	Discussion	231
	References	232
	Index	235
